FOR IMMEDIATE RELEASE:

Valuation Management Group, Appraisal Management Services in Fifty States

Marietta, GA – Valuation Management Group is proud to announce their appraisal management registration in Iowa, the latest state to require licensing of Appraisal Management Companies. The addition of Iowa allows Valuation Management Group to remain one of the few Appraisal Management Companies to offer commercial and residential appraisal management services and appraisal reviews in all fifty states. Only a minimal number of appraisal management companies are truly national.

Currently thirty-eight of the fifty states have enacted Appraisal Management Company legislation, and Valuation Management Group will continue to register and be appropriately licensed in all applicable states as the remaining state's Appraisal Management Company Laws are passed.

We invite commercial and residential appraisers to contact us to join our appraiser panel.
