FOR IMMEDIATE RELEASE:

Valuation Management Group to Co-host Webinar with Fannie Mae – Collateral Policy & Technology Guidance for Appraisers

Marietta, GA – Valuation Management Group is pleased to announce a co-hosted educational event. Fannie Mae is presenting a free webinar for residential real estate appraisers on Wednesday, March 29, 2017 at 11 am EST. This webinar will cover collateral policy, technology guidance for appraisers, and the latest information on Fannie Mae's appraisal policies. Fannie Mae agreed to a second event due to maximum capacity and positive feedback and response to the previous co-hosted event.

As an appraisal management company, Valuation Management Group considers it an important part of our appraisal management services to be assisting appraisers in developing appraisal reports efficiently and effectively.

Julie Jones, Fannie Mae Credit Risk Analyst will be the presenter, and Jeremy Staudenmaier, also a Fannie Mae Credit Risk Analyst who helped develop the information, will be participating and answering questions. The goal of the webinar is for appraisers to gain a better understanding of Fannie Mae's mission, to dispel common appraisal myths, and to improve communication with appraisers.

"We are excited about the opportunity to co-host with Fannie Mae a webinar developed for appraisers. There have been recent changes and clarifications from Fannie Mae in regard to appraisals and this is a great time for appraisers to hear directly from them." said Vicky Thompson, CEO, Valuation Management Group. "We hope that all our residential appraisers will attend the webinar."
